An Introduction To Kirk Precision Machining

Kirk Precision Machining prides itself on embracing the core values of Quality, Precision, Integrity and Reliability.

We are an ISO 9001:2015 Certified precision machine shop specializing in the manufacture of high and low volume production. Processes include multiple spindle turning, CNC turning, wire cutting, and CNC vertical mill. Our focus is customer satisfaction and high quality craftsmanship.

With over 100 years of combined industry experience, our team of experts offers world class service in the manufacturing of precision machined products. Our high quality, precision products are produced from aluminum, copper, brass, carbon steel, stainless steel, tubing, plastics, and other exotic metals.

ISO 9001:2015
Certificate No.: CERT-0106428
File No.: 006751

Specializing In:

- Aircraft
- Automotive
- Computers
- Defense
- Electronics
- Medical Device
- Off Highway Recreation
- Transportation
- Telecommunications
- Oil and Gas

CAPABILITIES

Multi-Spindle Machines: 0.125" to 1.625" OD x 5" max OAL
Swiss Machining: .030" to 1.250" OD No OAL limit
CNC Machining: .030" to 2.0" OD x 4" OAL
Vertical Mill: 40" x 21" x 21" travel
Oasis and Mircoview Inspection Equipment
Wire Cutting: .014" to .125"
Semi Automated Assembly Machine
Fully Automated Liquid Thread Sealant Application System

Our Quality System Is Effective And Certified: ISO 9001:2015

Quality is important to our business because we value our customers. We strive to provide our customers with products and services which meet and exceed their expectations. We are committed to continuous improvement and have established a Quality Management System which provides a framework for measuring and improving our performance.
